

MegaStretch Pro 23

Hand Grade Films

Product Description:

MegaStretch Pro is a five-layer cast hand film for all general-purpose application. It is specially formulated to stretch less than conventional hand application films for superior integrity of loads that shift during transit. It has minimal width reductions which provides superior load holding power at an economical price.

Applications:

- * All-purpose general application, * Warehouses, * Food Distribution, * Bagged Products, * Furniture,
- * Irregular Loads
